# SIP ADJUSTABLE ROLLER STAND TABLE 1500MM X 400MM 400KG

**HIGH-CAPACITY ROLLER STAND TABLE FOR PROFESSIONAL METALWORK WORKSHOPS**

## PRODUCT OVERVIEW

The **SIP Adjustable Roller Stand Table 1500mm x 400mm 400kg Capacity** is a heavy-duty and high-capacity roller stand table designed for professional metalwork workshops.

Featuring height adjustable legs to precisely match the working height of metal-cutting bandsaws, other machinery and workbenches, it's modular design allows for multiple tables to be connected together for greater flexibility.

A fitted material stop with a 1500mm measurement scale and flip stop also supports accurate measuring and cutting, while 3 spirit level indicators ensure the roller stand is perfectly level before use.

## FEATURES & BENEFITS

### **ADJUSTABLE LEGS PRECISELY MATCH WORKING HEIGHT OF BANDSAWS, TABLE SAWS, PILLAR DRILLS & WORKBENCHES**

Supplied with 2 sets of height adjustable legs for greater workshop versatility (long set; 600mm to 960mm, short set; 480mm to 840mm).

This adaptability improves the table's performance and enables smoother material handling and precise alignment for accurate cutting.

### **HEAVY-DUTY 400KG LOAD CAPACITY ENSURES TABLE SAFELY SUPPORTS HEAVY MATERIALS WITHOUT RISK OF BUCKLING & COLLAPSING**

Ideal for a range of cutting and sawing operations and handling metalwork and fabrication assemblies.

**THIS PRODUCT COMES WITH AN SIP 2-YEAR SILVER WARRANTY\***

# SIP ADJUSTABLE ROLLER STAND TABLE

## 1500MM X 400MM 400KG

### FEATURES & BENEFITS CONT.

#### RIGID & STURDY STEEL CONSTRUCTION BUILT TO WITHSTAND SIGNIFICANT DAY-TO-DAY WORKSHOP USE

This includes a cross brace for added stability under load. A durable design allows long term use while resisting knocks and impacts around work areas.

#### MODULAR DESIGN ALLOWS TABLES TO BE CONNECTED TOGETHER FOR GREATER WORKSHOP FLEXIBILITY

Ideal for workshops where machine set-ups change frequently and suitable for on-site jobs.

This also supports scaling-up jobs quicker when handling larger workpieces, fabrications or assemblies.

#### MATERIAL STOP WITH 1500MM MEASUREMENT SCALE & FLIP STOP FOR QUICK, REPEATABLE CUTS

This transforms the roller table from the material support system into a precise measuring and cutting aid.

Ideal for repetitive cutting operations where consistency and accuracy are required.

#### 3 SPIRIT LEVEL INDICATORS ENSURE THE STAND IS PERFECTLY LEVEL FOR OPTIMUM PERFORMANCE

Allows for efficient movement of the roller stand throughout the workshop as well as guaranteeing it is perfectly level and stable before use.

#### COMPATIBLE WITH A RANGE OF SIP METALWORK & WOODWORK MACHINES
